---

## Experience

Computer Science Peer Leader — Northeastern Illinois University  
Spring 2025 – Present

- Led workshops on object-oriented programming and data structures for undergraduate students
- 

## Projects

Service Locator Web Application *January - December 2025*  
Live: <https://service-locator.onrender.com>

- Developed and deployed a full-stack ASP.NET Core MVC web application with user authentication, personalized service filtering, and SQL-backed data persistence
  - Implemented secure login/signup functionality and user-specific data handling
  - Developed interactive UI features (filters, notifications) using C# and JavaScript
  - Designed RESTful routing and optimized database queries for dynamic search results
- 

Domino's Homepage Recreation *July - August 2024*  
Live: <https://dominos-5a1s.onrender.com>

- Recreated a responsive frontend using HTML/CSS with multi-device support
  - Designed UI components and layouts to closely match production-level styling
- 

Travel Agent CLI Application (Java) *January - May 2023*  
Live: <https://onlinegdb.com/EFJqqrDvR>

- Collaborated on Git to build a command-line app that recommends travel destinations
